

# Marisa Logan-Ward

Managing Consultant

For over 10 years Dr Marisa Logan-Ward has played a variety of key roles in the UK health service modernisation agenda. As Group Pathology Director at BMI Healthcare she led the strategic and operational development of laboratory services across 60 acute private hospitals. Under her leadership the business unit delivered an impressive commercial profile generating over £105M gross revenues (FY2008/9).

She has held pivotal roles within the Department of Health and has supported National Clinical Leaders and the Chief Scientific Officer on a number of initiatives including workforce development, medical training, and the NHS National Programme for IT. As Assistant Chief Scientific Advisor at NHS Estates she operated in a multidisciplinary environment to provide scientific and clinical advice to the design & construction industry.

## **Profession**
